# Eksamensdokument

Jeg har prøvd å gjøre alt jeg kan på alle kravene. Jeg har gått for vanskelighetsgraden A. Jeg er litt usikker på om jeg har fått skrevet «nok» microdata til og kunne oppnå denne karakteren, men håper selvfølgelig at jeg har det.

Jeg har også hatt litt problemer med teksten til header for mobil. Hvis jeg trykker på IPhone 14 Pro Max for eksempel sitter den «perfekt». Teksten justere seg ut ifra hvor mye jeg justerer skjermen i Inspiser (opp og ned) og (frem og tilbake).

Kilder som jeg har brukt i eksamensbesvarelsen min:
